*podcasts be limited to 1 or 2 individuals during this early adopter phase.  Faculty using iTunes will have access to an aspect of iTunes U specific to their course and will have the ability to upload their own course podcasts.*

**Accounts:** Once these accounts are set up in iTunes you will be notified via email with instructions on how to upload content and how to manager our content through iTunes U. You will also be provided with useful online resources that pertain to the iTunes U system.

---

*As an Early Adopter, peridoically you might be asked to provide feed back, complete an evaluation, participate in a focus group, and/or present your use and experiences with iTunes U to faculty and staff at IPFW.  We ask for your cooperation since this information is invaluable to the iTunesU@IPFW project.
